

## Notes

- 1.0 Begin workflow
- 2.0 Check the /init document of Bootstrap
- 3.0 Grab all the data from /init and parse
- 3.1 /init has it all, move on
- 4.0 Page through bootstrap for the next page needed
- 5.0 Do we have it all?
- 5.1 Increment the counter for the next page
- 6.0 Store data as needed
- 7.0 Craft visualization as needed
- 8.0 Restart the process when appropriate
